

Strategic Enterprise Pricing Model (Volume Blocks)

Each licensing package is delivered as a comprehensive **Strategic Deployment Bundle**, specifically engineered to support large-scale corporate environments. The bundle consists of two core components:

- **Pre-Authorized Master Build:** A single, deployment-independent Master-Signed Binary, pre-configured for the exact volume of seats defined in the purchase agreement.
- **Audit Token Package:** A complete set of unique Cryptographic Audit Tokens (**.key files**) corresponding to the contracted license volume, enabling 1:1 asset registry mapping.

License Volume (Seats)	Unit Price (USD)	Discount vs. Retail (\$99)
1 (Single Retail)	\$99.00	0%
5 - 49	\$45.00	~54.5%
50 - 99	\$43.00	~56.6%
100 - 199	\$41.00	~58.6%
200 - 299	\$39.00	~60.6%
300 - 499	\$37.00	~62.6%
500 – 999	\$35.00	~64.6%
1000+	\$33.00	~66.7%

Implementation Guidelines for Strategic Partners

- **Master-Signed Binary Advantage:** All volume tiers include a single, deployment-independent Master Build pre-authorized for the specific seat count.
- **Initial Deployment Window (IDW):** A built-in 45-day flexibility period ensures a zero-friction rollout, allowing IT teams to perform license alignment post-installation.
- **Compliance Protocol:** If a hardware mismatch is detected, a non-intrusive 21-day grace period ensures business continuity while flagging the instance for review.
- **Operational Efficiency:** This model removes the technical activation support burden from the Reseller, as no real-time licensing infrastructure dependency exists.
- **Air-Gapped Compliance:** Fully offline operation with no telemetry or outbound network requirements, suitable for classified IT environments.

Partner Compensation & Support

- **Reseller Margin:** Authorized partners manage Tier 1 operations, including token distribution and local hardware lifecycle resets with a 5% annual quota.
- **Technical Handshake:** The developer provides Tier 2 support for technical anomalies, guaranteeing a resolution path within 24 business hours.
